

SALUTE TO EXCELLENCE

WHEN TWO THINGS ARE GOOD ON THEIR OWN, THEIR COMBINATION CAN BE REMARKABLE.

This concept has been proven true by the productive collaboration of **Bronco Gray Design Ltd.** and **MProjects Inc.**

Arlene Ladner, owner of Bronco Gray Design, with over 10 years experience in the design industry has built her company, concentrating on residential and commercial interiors, project management, consulting, and kitchen design. Arlene has been recognized by the industry as a SAM Awards finalist in 2001 and 2003.

MProjects Inc. focuses on interiors, renovations, and real estate services. Marla Miller is a licensed realtor with Remax and has over 10 years experience in residential renovations. Her co-owner, Jeannie Sturdy, brings over 15 years management experience, specializing in home-builder design centers.

Bronco Gray and MProjects have previously teamed up to complete 8 single family homes and 2 multi-family homes in New Brighton and Auburn Bay for one of Calgary's largest home builders. This collaboration demonstrated their innovative synergy as they executed furnishing and accessorizing of 10 show homes for the Builder Grand Opening. The project included all material selections (flooring, lighting, kitchen cabinetry, millwork, hardware, etc) and all furnishings (wall paper, paint, window coverings and accessories).

Whether working as individual entrepreneurs or together in a collaborated effort for larger projects, both companies have the confidence and experience

to meet their clients' needs. Working together, the prime benefits for each of their clients are: a wider range of resources, the cooperation of complementary strengths, access to an expanded roster of select trade professionals, and the creative enthusiasm generated by a team environment. In short, the best end results and maximum value for the client!

MProjects and Bronco Gray show what can happen when dedicated professionals with shared values join their efforts in a mutually supportive environment.
